Professional Summary

Self-driven Management Information Systems student with hands-on experience in backend development, web applications, and database design. Completed a 7-month online internship at Acunmedya Akademi, developing .NET Core and .NET MVC projects involving user authentication, admin panels, API integration, and SQL Server databases. Strong analytical thinking, problem-solving abilities, and a consistent eagerness to learn new technologies. Seeking to contribute to software development teams as a junior backend or full-stack developer.

Technical Skills

Backend & Architecture: .NET Core, .NET MVC, C#, Entity Framework (Code First / Database First), OOP, Layered Architecture, RESTful API Design

Frontend: HTML, CSS, Razor Pages (Basic)

Database: Microsoft SQL Server (MSSQL), T-SQL

Tools & Technologies: Visual Studio, GitHub, Postman, Swagger, SQL Server Management Studio, RapidAPI (Basic), JWT (Basic), MS Office

Other Skills: Problem Solving, Requirements Analysis, Version Control, API Documentation

Work Experience

Software Development Intern – Acunmedya Akademi

Nov 2024 – May 2025

- Developed multiple .NET Core and .NET MVC projects including portfolio CMS, restaurant reservation system, and coffee shop website.
 - Designed relational database structures using MSSQL (Code First & Database First).
 - Implemented role-based authorization, authentication flows, and secure admin panels.
 - Applied MVC design pattern and layered architecture principles.
 - Used Swagger and Postman for API testing and documentation.
 - Learned version control best practices using Git and GitHub.
-

Projects

- **Portfolio Management System (MVC, DB First):** Admin panel with CRUD operations, category/tag management, user login, and MSSQL integration.

- **Coffee Shop Web Application (.NET Core, Code First):** Menu listing, product management, responsive UI, and repository pattern.
 - **Restaurant Reservation System (.NET Core, Code First):** Table reservation flow, role-based user operations, Entity Framework ORM.
 - **Portfolio CMS (.NET Core MVC):** Content management structure with admin dashboard and authentication.
 - **Financial CRM Desktop Application (C#):** Customer tracking, basic financial operations, Windows Forms.
 - **Hotel Management REST API (.NET Core):** Endpoints for room, customer, and reservation management.
 - **API Integration Practices:** Used RapidAPI and JWT authentication for testing and learning API workflows.
-

Education

Bursa Uludağ University – Management Information Systems (Bachelor's Degree)

2022 – 2026 (Ongoing)

- Studied SQL, C#, OOP, Python, HTML & CSS, MVC Architecture, and Unity.

Certificates

- Python Essentials 1 – Cisco Networking Academy
 - Introduction to Information Technologies – BTK Akademi
 - IT Law – BTK Akademi
 - C# Training Camp – M&Y Yazılım
 - Developing a Portfolio with ASP.NET Core – M&Y Yazılım
 - Problem Solving Techniques – QNB101
-

Languages

- **Turkish:** Native
 - **English:** Upper-Intermediate
-

Additional Information

- Interest in backend development, system design, API development, and database optimization.
- Open to internship and part-time/full-time junior developer roles.
